

Distribution Edition

COMPLETE, CONNECTED, MOBILE.

“I love to recommend Acumatica, but not to any of our competitors. Acumatica has transformed our business, given us access to real-time stock information, and given us the confidence that we can just keep on growing.”

Colin Gilhespy, Co-Owner and Managing Director, Cave Direct
Industry: Food and Beverage

Complete Wholesale Distribution ERP

Acumatica Distribution Edition provides unparalleled distribution depth with an extensive suite of connected distribution applications for sales, inventory, purchasing, and warehouse management.

Increase sales with opportunity tracking and sales quotes.
Reduce carrying costs and eliminate stock-out situations with robust inventory replenishment. Manage omnichannel returns and exchanges with an integrated ticketing system.

Automate processes, improve data visibility, boost warehouse efficiency, and reduce costs with unique midmarket distribution features. Embedded warehouse management (WMS) and

purchase order requisition applications reduce dependence on third-party applications.

Acumatica provides unique breadth with native document management, customer relationship management (CRM), project accounting, commerce, point of sale, expense management, payroll, and field service. A full suite of financial applications manages daily accounting tasks. Manage your entire business with powerful insights through configurable inquiries, personalized reports, role-based dashboards, and real-time business analytics.

Automate and mobilize supply chain activities with a complete Distribution ERP built on a future-proof platform.

“Acumatica has allowed us to be a better digital business. From sales to operations, from admin to C-Level executives, Acumatica allows us to have insight into data to make good decisions to grow our business in a powerful way.”

Bryan Papé, Founder and CEO, MiiR
Industry: Furniture and Home Goods

Deep Industry Functionality

Thousands of distributors rely on Acumatica Distribution Edition. Simplify item and inventory management with matrix items, lot and serial tracking, and configurable unit of measure conversions. Boost sales with flexible pricing, promotions, and integrated CRM for marketing and sales automation. Powerful replenishment features optimize stock levels with increased inventory turns and lower carrying costs. Perishable inventory management is easy with lot expiration and first-expired-first-out picking. Delight customers with stock reservations, faster order processing, and streamlined fulfillment.

Access the entire Acumatica Distribution Edition application and enter transactions anytime, anywhere, from a browser, ruggedized scanner, or mobile device.

Gain actionable insights with interactive, configurable dashboards to monitor key performance indicators and manage exceptions swiftly to avoid supply issues.

Embedded Warehouse Management System with Barcoding

Reduce errors and improve customer satisfaction with native barcode printing and scanning. Validate items processes for order fulfillment, put-away, physical inventory, and other inventory transactions. Ruggedized scanners or mobile devices support popular linear, 2D, and GS1 barcode formats.

Extend Acumatica with Certified Applications

The Acumatica Marketplace is one of the leading communities of independent software vendors with integrated applications for budgeting and planning, electronic data interchange (EDI), equipment rental, quality control, logistics and shipping, container management, process manufacturing, and more.

“We are just scratching the surface of what the new WMS can afford us by replacing existing processes. We are looking forward to implementing new streamlined processes that have previously been unavailable to us such as confirming shipments at the time of pick and processing customer returns as soon as items are received at the dock all from the handheld devices.”

Discover Why Leading Distributors Rely on Acumatica for their Success

LAUNCH THE VIEWER

Future-proof Cloud Platform Ready for Modern Technologies

Wholesale distributors demand a modern platform built for speed and extensibility to connect external systems and data.

The Acumatica xRP platform is a versatile architectural framework and application development platform that empowers distributors to tailor the software to the way they do business. Because Acumatica's ERP platform technology uses standard web technologies and

development languages, you can modify your business logic using the platform tools to connect to external applications with ease.

The platform is built on the world's best cloud and mobile technology. Leverage Open APIs to connect to the Internet of Things (IoT), to capture data in real-time through machine interfaces, and to automate your warehouse with robotics, carousels, and other modern technologies.
