

ENERGY CONSULTING: LAND ADMINISTRATION

Whitley Penn's Land Administration team is dedicated to managing Oil & Gas properties for a diverse range of clients, from individuals to financial institutions. Utilizing the latest technology in MineralWare, we assist clients in effectively managing and optimizing their mineral and land interests. Our team of specialized professionals offers a wide range of services to help deliver effective and reliable management of our clients' properties.

Services Offered

Lease Administration

- Setup master files, including leases, contracts, and other land agreements
- Create and maintain master files, including wells
- Generate and maintain expiration and lease status calendars
- Produce company acreage position reports
- Pay land obligations as requests and needed, including shut-in royalties and delay rentals

Division of Interest

- Provide company ownership position reporting (GW/NRI schedule)
- Preserve and process division of interest
- Maintain both Expense (JIB) and Revenue decks
- Provide and manager Owner Relations
- Offer support for Name and Address Master in database
- Suspense monitoring and management

Your Future is Our Focus

Added Value

Our all-in-one solutions enhance the management of your accounting and technology needs, while our team of advisors is available to provide guidance as challenges arise. Through our budget-friendly services, you can feel confident in your financial support. As your business grows, our flexible solutions are designed to adapt with you, helping free up time to focus on running your business while we manage the accounting details.

The Whitley Penn Difference

Whitley Penn continues to be one of the region's most distinguished public accounting firms. With offices in Texas and New Mexico, combined with our worldwide affiliation through HLB International, we are strategically positioned for continued growth both locally and internationally.
